

Assignment 3

Görkem Kadir Solun, 25-936-154

Collaborators

1. I have not collaborated with anybody.
2. I prepared this document using Visual Studio Code, the LaTeX Workshop extension and Latexmk.

Declaration

I, Görkem Kadir Solun, confirm that I have written this assignment independently, without any direct copying or paraphrasing from other students' work. I have acknowledged everyone I consulted during my research. I confirm that the AI Assistance Declaration on the following page is complete.

I am aware that any form of plagiarism is a violation of academic integrity. If it is determined that I have engaged in academic dishonesty, I accept and understand that the university's standard measures for plagiarism will be applied.

By submitting this assignment, I affirm my commitment to academic honesty and integrity.

AI Assistance Declaration

I hereby declare the following LLM-based tools used in completing this assignment:

1. I got formatting help from Visual Studio Code's autocompletion copilot.
2. I used Gemini, ChatGPT, and Claude to understand the assignment and then learn the topics covered in this assignment.
3. I used autocompletion tools in Visual Studio Code to write the code for this assignment.
